Dear Graduate:

Congratulations upon being the first graduating class in the history of Technology High School. As a class, you have established many "firsts" in our school. You have conducted yourself with distinction and integrity and you have set a high standard for future classes.

Continue to make your life a series of "firsts" and new adventures. You have proved that you have the skills and intelligence. Now, you must use your knowledge in a practical way that will enable you to pursue your goals. All of us at Technology High School are proud of you and we are confident that your future will be bright.

Come back and visit us often. On behalf of everyone at Technology, may all of your hopes and dreams come true.

Sincerely yours,

Dr. Steven Kramer
